MoVES = a Network (Belgian + EU Partners)

- Vrije Universiteit Brussel
- Universiteit Antwerpen
- Université catholique de Louvain
- Université Libre de Bruxelles
- Facultés Universitaires Notre-Dame de la Paix Namur
- Université de Liège
- Katholieke Universiteit Leuven
- Université de Mons-Hainaut
- Université de Sciences et Technologie de Lille
- Technische Universiteit Delft
MoVES = an IAP Phase VI Project

Interuniversity Attraction Poles Programme
Belgian State, Belgian Science Policy

- IAP Phase VI (http://www.belspo.be/iap/)
  - Belgian Federal Science Policy Office
  - Current Phase: 2007-2011, 143.000.000 EUR
  - 44 networks, 324 research teams (250 BE, 74 EU)

- Supports the formation of excellent interuniversity networks in basic research
  - Across linguistic communities
  - Encourage collaborations
  - Promote complementarity and interdisciplinarity between research teams
  - Facilitate the insertion of Belgian research teams in European and international networks
  - ...

Thursday 17 December 2009
How do we achieve this?

• Setup of events to encourage collaboration
  • Poster sessions, seminars, workpackage meetings, ..., this event

• Facilitate researcher mobility
  • travel funding, first contact, ...

• Organisation of joint scientific events
  • workshops, conferences, ...

• Joint doctoral actions
  • co-promotorship, doctoral schools, ...

• Co-authoring of publications

• Establishing joint (EU) projects

• Dissemination of network activities
  • website (event announcements, ...), newsletter, ...

Thursday 17 December 2009
Most Promising Young Researcher - 2009

presented to

...you? Find out at 12h00

for his outstanding work in the context of the MoVES Network, a project funded IAP Interuniversity Attraction Poles Programme by the Belgian State, Belgian Science Policy

Steering committee

ULB  ULg Vrije Universiteit Brussel

Katholieke Universiteit Leuven
Best Poster Award
2009

presented to

...you? Find out at 15h25

MoVES IAP Interuniversity Attraction Poles Programme
funded by the Belgian State, Belgian Science Policy

Steering committee
Welcome to ASE 2010

The 25th IEEE/ACM International Conference on Automated Software Engineering will be held in Antwerp, Belgium, 20–24 September 2010. Antwerp is well-known for its diamond industry. This is why we designed a diamond-encrusted ASE 2010 logo to celebrate the 25th anniversary.

The ASE conference has become one of the world’s premier Software Engineering venues. Software engineering is concerned with the analysis, design, implementation, testing, and maintenance of large software systems. Modern software engineering focuses on how to automate or partially automate processes in quality and control of technical research and short papers about oral symposium, several in-depth tutorials. The International Proceedings of ASE 2010 will be published by Springer.

Thursday 17 December 2009
MoVES Work Packages

(WP 1) Programming Languages
(WP 2) Modelling Languages and Restructuring
(WP 3) Composition, Decomposition, Recomposition
(WP 4) Consistency Checking and Co-Evolution
(WP 5) Refinement and Synthesis
(WP 6) Verification Methods and Tools
(WP 7) Incremental Design and Verification
Program

9:00 – 9:10   Welcome and Introduction
9:10 – 10:30  Workpackage Status Presentations
10:30 – 11:00 Coffee Break
11:00 – 12:00 Research presentations
12:00 – 12:30 Promising Young Researcher Award

12:30 – 14:00 Lunch Break and Poster Session

14:00 – 15:00 Research presentations
15:00 – 15:25 Coffee Break
15:25 – 15:30 Best Poster Award
15:30 – 17:30 Research presentations
